MPP Carcass Panels

Multipurpose (MPP) Carcass Panels

StyleLite Multipurpose Carcass Panels are designed to provide a highly durable panel ideal for many uses including cabinetry and drawer boxes, carcasses, shelving and fixtures in interior and covered exterior environments especially where extreme moisture is prevalent.

The natural colored composite high density PVC core is formulated for superior heat stability, resistance to the effects of extreme moisture, structural capacity and ease of fabrication.

EGR manufactured textured StyleLite Alabaster ABS skins which are formulated for high scuff

resistance and easy maintenance are bonded to the core using our waterproof PUR adhesive system.

Superior Features:

- Ideal for residential, commercial and institutional applications
- Excellent resistance to moisture
- Lightweight
- Easy to fabricate
- Thermoformable[^]
- Compatible with standard hardware
- Highly durable with excellent scuff and scratch resistance
- For interior and under cover exterior use^{*}
- Edge with standard edge band procedures[#]

[^] MPP Carcass Panels are bendable using suitable methods as specified by EGR

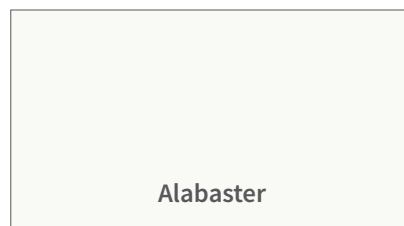

^{*} Must be completely under cover and not exposed to direct sunlight

[#] Best practice is to use matching or contrasting StyleLite reactive layer edge band or StyleLite preprimed edge band adhered using PUR glue

Panel Size:

Nom ¾" (18mm) 4 x 8' 2S

Panel Color:

415-210721 USA V5 210222
